Administrative - Internal Use Only

26 JUN 1975

MEMORANDUM FOR: Director of Logistics

ATTENTION : Chief, Plans and Programs Staff 🗸

SUBJECT : Fighting Inflation and Reducing Daily Operating Costs

- 1. On 16 December 1974 we forwarded fifteen cost cutting suggestions involving both P&TS directly and the Agency as a whole. We have not received any feedback regarding our suggestions nor have we been advised as to what recommendations have been accepted by OL or higher echelons.
- 2. As a result we have continued only those anti-inflationary measures, i.e. paper saving, which we could implement on our own responsibility within this office. The savings have been minimal.
- 3. If any of the December 1974 suggestions are considered worthwhile we would be happy to assist in their implementation.
